

Russian Ferroalloys International Conference

Dear Sirs,

The Third International Ferro-alloys Conference will take place in Moscow in the conference centre of the World Trade Centre on September 10-12, 2008.

This event is organized by the leading metallurgical enterprises: MinPromEnergo, the International Metallurgists Union (IMU), the Russian Academy of Sciences, OJSC "The Managing Company "Russian Super Alloys".

Leading representatives of metallurgical and mining companies from various parts of the globe will take part in conversations about the problems and perspectives of the field and the world ferroalloys market.

We will be pleased to welcome you at the conference.

For its participants, its partners, for business people and consumers of the metallurgical production, for the banks and investment companies it is a happy opportunity to attract attention to their companies, to their activities and production with the help of sponsors' support.

The sponsors' activity gives various privileges: to address the conference, to stay at the hotel, to determine registration fee, to print reports, to place logotypes and banners, to choose individual transport, to organize trips, banquets, buffets etc.

In case of your interest please contact us.
